EL CERRITO SCHOOL

CODE TO THE FUTURE

WHAT IS IT?

We have partnered with Code To The Future, the nation's leading Computer Science immersion program. All students, transitional kindergarten through sixth grade, will have an opportunity to develop computer programming and coding skills as part of their daily curriculum. When students are provided with computer science skills, they develop critical thinking, creativity, and confidence in an engaging and motivating way while also developing the tools and mindset to become a contributing leader in a global society.

TRAINING

- August Staff Development Days (2)
- Release Time Throughout the Year (6)
- Code to the Future Coach to Support Implementation

https://www.codetothefuture.com/

ATTRIBUTES OF A CODE TO THE FUTURE EDUCATOR

- Possess a Growth Mindset
- Willingness to Learn with your Students
- Acceptance that Students may know more than you do
