

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons.

(cf. 5116.1 - Intradistrict Open Enrollment)

(cf. 5111.1 - District Residency)

(cf. 5118 - Open Enrollment Act Transfers)

The Board desires to communicate with parents/guardians and students regarding the educational programs and services.

Interdistrict Attendance Permits

Upon request by students' parents/guardians, the Superintendent or designee may approve interdistrict attendance permits with other districts on a case-by-case basis to meet individual student needs.

Should a pupil be determined by administrative personnel of either the district of residence or the district of proposed enrollment to have been the victim of an act of bullying committed by a pupil of the district of residence shall, at the request of the person having legal custody of the pupil, be given priority for interdistrict attendance under any existing interdistrict attendance agreement or, in the absence of an agreement, be given additional consideration for the creation of an interdistrict attendance agreement. (Education Code 46600(b))

The Superintendent or designee may deny applications for interdistrict permits because of overcrowding within district schools or limited district resources.

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. (Education Code 46600)

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Transportation

The district shall not provide transportation beyond any school attendance area. Upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for an interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available.
